Fall 2009 Semester Registration Information

Semester Course Schedule

The Fall 2009 semester begins September 14; classes end December 18. This semester only two vacation weeks are scheduled. See calendar on page 6.

Registration

The tuition for full-time enrollment—4 or more courses plus one PT 111 or one PT 211—is **\$3,000**; the minimum tuition for Level 1 students (Matriculants) and Level 2 students (Certificate Candidates) is **\$1,500**, which covers one or two courses but excludes clinical supervision (PT 111 and PT 211) and the PT 490 Referral Service Semiannual Lab Fee (for Certificate Candidates).

Students confer with their Advisors or Fellows during the registration process since **completion of registration is contingent upon having obtained the Advisor's signature**. At the Referral Service level the student's Fellow acts as academic advisor. Students in good standing who meet the PT 7 Training Analysis requirement submit their advisor-approved registration forms to the CMPS registrar. A **\$100 late fee** will be charged for tuition received **after September 4, 2009**. Payment of *only* the \$100 registration fee on or before **September 4, 2009** does not cancel this fee. Students use the registration form to indicate the courses they wish to take in the Fall semester, giving at least 2 choices for PT 111/211 and including the name of their PT 7 analyst. Candidates who are in approved PT 311/411 indicate the name of the supervisor.

Students submit the registration form with all tuition checks, indicating current home, cell, and office telephone numbers, email address, and any address changes. Email addresses are particularly important because the Center communicates with students on a variety of important matters through email.

Registration forms are processed only if tuition and the completed PT 7 form are included, and if all materials have been returned to the library. Certificate and Research Candidates must be current with their monthly room reports. Class and supervisory sections are confirmed upon receipt of tuition. Students are advised to register as soon as possible to ensure that they receive their course selections and to avoid the \$100 late fee (for registrations received after **September 4, 2009**).

The \$100 registration fee covers library services, journal subscription, Center ID card, and all Center mailings.

Fall 2009 Tuition Payment Program

The Center has a deferred payment program to assist those students who would find such a plan helpful. Students may make up to **three approximately equal tuition payments**. The amount of each check must be **at least \$200, with the last dollar digit ending in a "0" or a "5."** The first check is to be dated when the registration form is returned to the Registrar's office. The second and third checks are to be dated October 14, 2009, and November 14, 2009. The processing fee is \$30.00 for this three-check option. There is also a two-check option which costs \$15.00, where the first check is dated when the registration form is returned and the second check is dated October 14, 2009. **All checks must accompany the registration form, including the post-dated checks.**

PT 7/ PT 8 Analyst Statement

Included with the registration material is a PT 7 /PT 8 analyst's statement. The form is to be signed by the training analyst(s) and returned with the registration form **every semester**.

Field Placement Program

In order to begin Fieldwork, students who have completed PT 184 Primitive Mental States and who have a minimum of 15 hours of PT 7 Training Analysis fill out an Application for Field Placement Program (requiring the advisor's approval) and schedule a meeting with the Fieldwork Coordinator to discuss field placements. They may then register for the first of the required three semesters of PT 185 Clinical Experience in Institutional Settings and PT 111 Fieldwork Placement Case Supervision. Students who have completed two semesters of PT 185 may register for PT 186 Beyond Psychosis: Typology of Conflict and Defense concurrently with their third semester of PT 185.

Referral Service: Certificate Candidacy

Applications for Certificate Candidacy for the Fall 2009 semester must be submitted by June 30, 2009. Admission to Certificate Candidacy requires completion of all Level 1 courses, the fieldwork placement, and a minimum of 100 hours of approved training analysis. Students in their first year at the Referral Service register for PT 490 Referral Service Lab; PT 2610 Beginning Treatment: Psychopathology & Psychodiagnosis; PT 211 Supervision of Cases; and other core curriculum courses necessary to complete their programs.

Referral Service Lab Fee

Referral Service therapists register for PT 490 Referral Service Lab. The Referral Service Lab fee is divided into two semiannual payments of \$475 for first year students, and two semiannual payments of \$525 beginning with the second year. The fee covers room use for three scheduled referrals, weekly consultation with the Fellow, and telephone answering service. Therapists who wish to treat more than 3 patients may ask their fellows to assign them additional cases.

Curriculum for Research Candidates

Students are designated **Research Candidates** upon successful completion of all Level 1 and Level 2 courses, a minimum of 25 hours of PT 411 Control Analysis, and a clinical presentation to the faculty. Research Candidates are required to take two courses every semester: a research course (PT 524a Research Practicum and Ethics, PT 524b Findings in Psychoanalytic Research and Ethics, or PT 527 Research Supervision) and a clinical course (PT 2612 Advanced Case Practicum or GT 2612 Practicum in Modern Group Analysis).

The writing of the final paper generally occurs in PT 524a and PT 524b. When the Research Candidate has an idea for a research proposal approved by the PT 524 instructor, a brief written description of it is submitted to the Research Committee for approval. Upon approval, candidates officially begin working on the final paper, which may be completed in PT 524 over several semesters. Some candidates, upon advisement by the fellow and recommendation of the Research Committee, may alternatively elect PT 527 Research Supervision, which provides six 50-minute sessions of individual work with a Research Supervisor scheduled approximately every two weeks for the duration of one semester.

PT 2612 Advanced Case Practicum meets approximately every other week. Case discussions focus on unconscious motivation and issues that arise in the middle and later phases of treatment.

New fee for Research Candidates

Until their final semester, Research Candidates pay a minimum tuition of \$1775: \$750 for PT 524/527), (\$400 for PT 2612 or GT 2612, \$525 for PT 490 Referral Service Semiannual Lab Fee, and \$100 for the registration fee.

When the Research Supervisor determines that the final paper is ready for approval, the Research Candidate pays the **Research Reading Fee of \$390**. This covers the cost of final approval of the paper by the second and third readers, two members of the Research Committee other than the Research Supervisor.

Leave of Absence

Students who are unable to register for the Fall semester but who wish to maintain their enrolled status write a letter requesting a leave of absence to the Director of Advisement explaining why they are electing to take a leave. They mark "*Maintaining Matriculation*" on the registration form and return it with the \$100.00 Maintaining Matriculation fee. Maintaining Matriculation will ensure all Center mailings, journal, and library use. Students on leave of absence should continue in PT 7.

Work/Study Program

The Center offers a number of Work/Study internships. Students wishing tuition assistance and who will be available for 4 -10 hours per week during the Fall semester may apply for a Work/Study internship with the Director, Mr. Lieber. Areas available will be: Referral Service, library, office work, and computer website assistance. Candidates are paid at an hourly rate. Up to 50% tuition remission can be awarded depending on the skills necessary to fulfill the Work/Study requirements.
